

Navigating Excellence, Powering Marine Solutions

Lucking Marine Service Co., Ltd. is a trusted leader in marine engineering, maintenance, and repair solutions, serving clients across China, India, and Brazil. With a team of highly skilled maritime experts, we specialize in D.D technical services at major shipyards, offering precision-driven solutions to keep vessels operating efficiently.

Lucking Marine Service Co., Ltd.

A large ship is under construction, with a worker in a white protective suit and yellow helmet standing in the foreground, looking towards the ship. The ship is covered in scaffolding and has a large yellow crane attached to it. The background shows a construction site with various equipment and structures.

Global Reach & 24/7 Support

Serving clients across China, India, and Brazil, we offer round-the-clock assistance to ensure minimal downtime and maximum efficiency for your fleet

Expert Marine Engineering

With a highly skilled team and years of experience, we specialize in advanced D.D technical services, automation, and hydraulic solutions to keep your vessels running smoothly.

Comprehensive Service & Spare Parts

From electrical, hydraulic, and refrigeration repairs to a vast inventory of marine spare parts, we provide end-to-end solutions for seamless operations.

OUR SERVICES

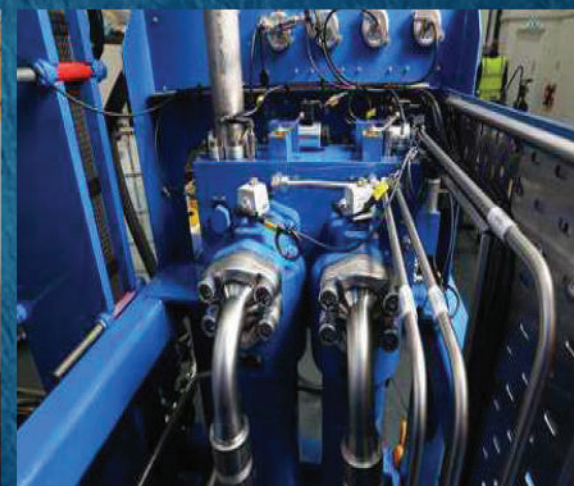

Air Condition and Refrigeration System Service

- Accommodation air condition system
- Provision refrigeration system (Reefer plant)
- ECR air conditioner / Bridge air conditioner
- Compressor overhaul

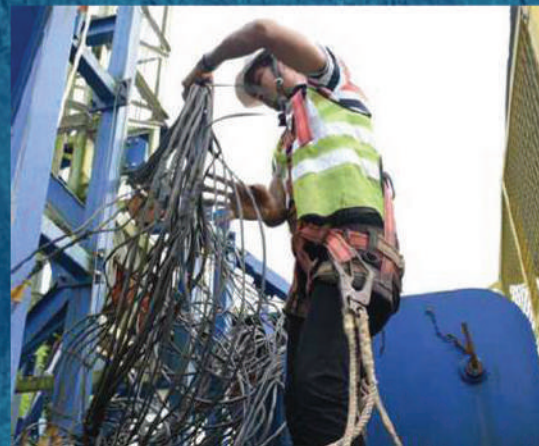

Hydraulic Service
